Election Committee Statement

The most recent [bylaws amended in 2014](#) are conflicting and there is no certainty concerning the process for convening and administering the election. The CDC Election Committee appointed on 11-20-2017 is tasked with spelling out new process that conforms as much as possible to the bylaws; a challenge. In addition, the membership records are incomplete and as a result, it would have been impossible to verify a quorum. Without a verified quorum, a vote to make any decisions or hold an election would not be possible. In this very short timeframe to complete the tasks assigned, we have given our best effort.

I support the efforts being made to restore the CDC to functionality. I agree that the CDC Election Committee has been properly empowered to establish eligible membership, confirm affiliation of clubs, determine the voting delegates and develop and administer the election of new officers at February, 2018 CDC convention.

I affirm that the information above is true and correct.
